

Dhruv Verma

Web Developer

I am a highly motivated individual with a passion for web development and a desire to learn and grow in the field. I have a strong academic background in computer science and programming, and have gained experience through personal projects and internships. I am proficient in JavaScript and have experience working with the MERN (MongoDB, Express, React, Node.js) stack. I am familiar with front-end technologies such as HTML, CSS, and Bootstrap, and have experience with version control tools such as Git.
